- G. PUBLIC COMMENT OPEN FORUM: *(Comments are limited to 3 minutes. Please address all comments to the council. Please understand that the council may not give a response per procedure.)*
- H. ADJOURN:

VILAGE OF STOCKBRIDGE
INGHAM COUNTY, MICHIGAN
EARNED SICK TIME POLICY

Purpose

The purpose of this policy is to establish the Village's criteria and rules surrounding earned sick time in accordance with the Paid Medical Leave Act/Earned Sick Time Act, 2018 Public Act 338, as amended.

Covered Employees

The following individuals are not subject to this policy and shall not accrue earned sick time:

- A. The Village Council
- B. Any member of the Village Planning Commission, Zoning Board of Appeals, or other Commission or Committee as may be established by the Village Council.
- C. An unpaid trainee or unpaid intern.
- D. An individual who is employed in accordance with the youth employment standards act, 1978 PA 90, as amended.
- E. Any lawfully designated independent contractor.
- F. Any individual who meets both of the following criteria:
 - a. The individual schedules their own working hours; and
 - b. The Village is prohibited from taking adverse personnel action against the individual if the individual does not schedule a minimum number of working hours.

All other employees shall receive earned sick time subject to the provisions of this policy.

Accrual

The following employees, whether full-time, part-time, seasonal, or temporary, shall accrue earned sick time at a rate of one (1) hour for every thirty (30) actual hours worked. Employees shall be responsible for submitting accurate time sheets.

Employees may carry over any unused earned sick time from year-to-year, but an employee is not permitted to use more than 96 hours of earned sick time in a single year. Employees in this category shall be required to wait until 90 calendar days after commencing employment to use earned sick time. If an employee is separated from employment at the Village for two or more months, their earned sick time shall be reset to zero (0) hours.

Employees subject to accrued earned sick time are:

1. Frontloading

The following employees, whether full-time, part-time, seasonal, or temporary, shall receive earned sick time at the beginning of the calendar year, which can be used immediately. Employees shall receive an amount of earned sick time equivalent to their anticipated total number of hours worked divided by thirty (30), so as to equal the amount of earned sick time they would earn were they to accrue it at one hour for every thirty hours worked. Employees under this section are permitted to use their earned sick time immediately.

If an employee works a greater number of hours than anticipated in a single year, such that the total earned sick time they would have accrued is greater than the total sick time granted at the beginning of the year, that employee shall begin to accrue additional earned sick time at a rate of one hour for every thirty hours actually worked, until the end of the year. Unused earned sick time will not be carried over from year-to-year.

Employees subject to frontloaded earned sick time are:

- A. Salaried employees
- B. full-time employees.
- C. Part-time employees with scheduled hours.
- D. Seasonal employees with scheduled hours.
- E. Temporary employees with scheduled hours.

Payment

Employees using earned sick time shall be paid at a rate equal to the greater of either:

- A. The employee's normal hourly wage; or
- B. The Michigan minimum wage rate then in effect under MCL 408.934, as amended.

Uses

Earned sick time may only be used to excuse an employee from a scheduled shift. Earned sick time cannot be used to excuse an employee from an unscheduled shift, such as an on-call employee responding to an emergency.

Employees may use earned sick time for any of the following purposes:

- A. Physical or mental illness, injury, or health condition of the employee or their family member.
- B. Medical diagnosis, care, or treatment of the employee or employee's family member.
- C. Preventative care of the employee or their family member.
- D. Closure of the employee's primary workplace by order of a public official due to a public health emergency.

- E. The care of the employee's child whose school or place of care has been closed by order of a public official due to a public health emergency.
- F. Meetings at a child's school or place of care related to the child's health or disability, or the effects of domestic violence or sexual assault on the child.
- G. The employee's or their family member's exposure to a communicable disease that would jeopardize the health of others as determined by health authorities or a health care provider.
- H. For domestic violence and sexual assault situations.
- I. Receiving services from a victim services organization.
- J. Relocation and obtaining legal services.
- K. Participation in civil or criminal proceedings related to or resulting from the domestic violence or sexual assault.

Notification

Employees should notify their immediate supervisor or the Village Supervisor that they are using earned sick time to be excused from a scheduled shift as soon as practicable prior to using any earned sick time. If the use of earned sick time is foreseeable, the employee must provide advance notice. If the use of earned sick leave is not foreseeable, the employee must provide as much notice as is practicable.

Requests for Documentation

If the employee uses more than 3 consecutive days of earned sick time, the Village may request reasonable documentation regarding the reasons for the sick time. Once requested, the employee must provide documentation within 15 days. Use of sick time will not be delayed while waiting for the documentation. If the employee incurs out of pocket expenses in obtaining the requested documentation, the Village will reimburse the employee for those expenses.

Records

The Village shall maintain records of earned sick time for each employee. Employees shall be responsible for submitting accurate time sheets.

Leaving Employment

Employees who leave employment for any reason will not be paid out for any earned but unused sick leave. If an employee leaves employment and returns within 2 months, all earned and unused sick time will be reinstated and available for the employee's use.

Acknowledgement

By signing below, the Employee acknowledges that I have carefully reviewed this policy, understand its contents, and agree to abide by its terms.

This quote is based upon market rates at the time the quotation is made. Due to the large fluctuation in the market and surcharges that may be issued by the manufacturer, Purchaser agrees that the Seller will pass along any manufacturer price increases and/or surcharges to the Purchaser as if such price increases and surcharges are part of the original Quote and Sales Order. Seller will invoice Purchaser for the quoted price plus any increases and/or surcharges and Purchaser agrees to pay the invoiced amount as the agreed-upon price.
